2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of preparation

The financial statements have been prepared in accordance with the provisions of the Singapore Companies Act, Cap. 50 and the Singapore Charities Act, Cap. 37 and Charities Accounting Standard (CAS).

The financial statements have been prepared under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of the financial statements in conformity with CAS requires management to exercise judgements and, the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the financial period. Although these estimates are based on management's best knowledge of current events and actions, actual results may differ from those estimates.

However, the management is of the opinion that no estimates, judgments or key assumptions are expected to have a significant effect and material adjustment to the carrying amounts of assets and liabilities within the next financial year.

(b) Financial liabilities

Financial liability is any liability that is a contractual obligation to:

- (i) Deliver cash or another financial asset to another entity; or
- (ii) Exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the Company.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(c) Financial assets

Financial asset is any asset that is:

- (i) Cash;
- (ii) An equity instrument of another entity;
- (iii) A contractual right to receive cash or another financial asset from another entity; or to exchange financial assets or financial liabilities with another entity under conditions that is potentially favourable to the Company.

Other receivables

Other receivables excluding prepayments shall be initially recognised at their transaction price, excluding transaction costs, if any. Transaction costs shall be recognised as expenditure in the Statement of Financial Activities as incurred. Prepayments shall be initially recognised at the amount paid in advance for the economic resources expected to be received in the future.

After initial recognition, other receivables excluding prepayments shall be measured at cost less any accumulated impairment losses. Prepayments shall be measured at the amount paid less the economic resources received or consumed during the financial period.

Cash and cash equivalents

Cash and cash equivalents comprise of cash and bank balances.

(d) Impairment of financial assets

The Company assesses at the end of each reporting period whether there is any objective evidence that a financial asset is impaired.

If there is objective evidence that an impairment loss on financial assets carried at cost has been incurred, the amount of the loss is measured as the difference between the carrying amount of the financial asset and the undiscounted future cash flows (excluding unearned interest in the case of an interest-bearing financial asset) that the Company expects to receive from the financial asset. The amount of the loss is recognised immediately in the Statement of Financial Activities.

To determine whether there is objective evidence that an impairment loss on financial assets has been incurred, the Company considers factors such as the probability of insolvency or significant financial difficulties of the receivable and default or significant delay in payments.

If, in a subsequent period, the amount of an impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the Company shall reverse the previously recognized impairment loss. The reversal shall not result in a carrying amount of the financial asset (net of any allowance account) that exceeds what the carrying amount would have been had the impairment not previously been recognised. The Company shall recognise the amount of the reversal in the Statement of Financial Activities immediately.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(g) Expenditure

All expenditure is accounted for on an accrual basis and had been classified under headings that aggregate all costs related to that activity.

- (2) Costs of charitable activities comprise all costs incurred in the pursuit of the charitable objects of the Company. Those costs, where not wholly attributable, are apportioned between the categories of charitable expenditure. The total costs of each category of charitable expenditure therefore include a apportionment of support cost, where possible.

Borrowing costs that are directly attributable to the construction of property, plant and equipment and all other repairs and maintenance are charged to the Statement of Financial Activities when they are incurred. Property, plant and equipment shall not be revalued and are not required to be assessed for impairment.

Depreciation is calculated on the straight line basis to write off the cost of the property, plant and equipment over their estimated useful lives. The annual rates of depreciation are as follows:
